

Your Risk Management Partner in Transportation

At Axis Insurance, we go beyond placing coverage. We become your company's Risk Management Advisor, helping you protect assets, reduce losses, and build a stronger safety culture.

With over 25 years of hands-on transportation risk experience, we combine strategic insurance solutions with practical risk management tools tailored to trucking, school bus, transit, and coach operators across Canada.

Our Focus Areas:

Claims Management

Hands-on advocacy, reporting, and analysis to reduce claim costs and improve outcomes.

Account Management

Proactive reviews, insurer resource management, and quarterly operational insights.

Risk Management & Compliance

Policy development, audits, training, and renewal preparation designed to keep you ahead.

Training & Mentorship

Driver, manager, and leadership development built to strengthen safety and profitability.

Whether it's preventing accidents, mentoring new managers, or preparing your company for renewal, Axis is here to help you manage your unique risks with confidence.
